

\$1 SAVE A BUCK A BAG \$1

Rent an Aerator, Thatcher or Tiller thru **April 30th** and take off \$1.00 per bag of any Filthy Rich Bark, Planting Mix, Sand, Steer Compost, Top Soil, Pro Time Lawn Seed or Mulch.

Any quantity, must purchase during rental period

Spring Aerating will relieve soil compaction, improve your lawns health and allow water & nutrients to reach and encourage deeper root growth.

Use a Thatcher to break up plugs and comb out moss and excessive thatch. Rake up loose material then apply "Pro Time" lawn seed @ 5lbs per 1000 sq.ft. to fill in bare or thin spots.

Now you can improve your soil condition by top dressing with "Filthy Rich Top Soil, Planting Mix, Steer Compost or Sand."
